Sir:

The Examiner is respectfully requested to consider the following references which may qualify as prior art. For the Examiner's convenience, the references are listed on the attached Patent and Trademark Office form PTO-1449. As this application was filed after June 30, 2003, Applicants only include copies of foreign patent documents and non-patent references. See, Disclosure Statements Filed After June 30, 2003, Off. Gaz. Pat. Off., 8/5/2003.

The references and information provided herewith are cited in a spirit of forthrightness and cooperation to enable the applicants to obtain that measure of protection for the invention to which there is entitlement. However, no representation is made that the listed art actually qualifies as prior art under the patent statute and the mere

use of PTO-1449 is not an admission that all listed references are prior art. No representation is made that applicants know of the best art.

References listed in PTO Form 1449 submitted herewith which do not specify the month of publication have a year of publication sufficiently earlier than the effective U.S. filing date with any foreign priority date so that the particular month of publication is not in issue.

The Examiner is also requested to consider commonly owned U.S. Patent Application No. 10/680,950, which may be considered related to this case. A copy of this pending application is provided herewith. Applicants submit these materials in a spirit of forthrightness and cooperation to enable the applicants to obtain that measure of protection for the invention to which there is entitlement. No representation is made that this reference actually qualifies as prior art under the patent statute.

It is believed that no fee is required for this submission. If this is incorrect, however, please deduct the appropriate fee for this submission and any extension of time required from Deposit Account No. 07-1969.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "S. B. Barone", written in a cursive style.
